Surfhouse x Bing

UNLOCK THE ULTIMATE CALIFORNIA EXPERIENCE

Looking to improve your surfing and demo some of the best boards on the market?

Sept 15th-18th

SURFHOUSE AND BING SURFBOARDS HAVE TEAMED UP TO CREATE THE ULTIMATE SURF EXPERIENCE FOR YOU!

This 3-night all-inclusive package is designed to fine tune your surf skills with a local guide while demoing your choice of Bing surfboards. As a part of the surf coaching, you will receive daily photo and video, with 2 days of video analysis. All photos and videos will be sent to you in a personal dropbox folder.

Outside of the water, you can expect the full Encinitas local experience that Surfhouse is famous for. You will visit the Bing factory to see how they create some of the most beautiful and classic surfboards in the world and talk to the head shaper about the surfboard design process. You will also spend some time at the Bing Surf Shop where one of their experts will walk you through the different models and help identify the perfect board for you.

In between surf sessions you will be treated to some of the best restaurants that Encinitas has to offer with three meals per day included. There is no better way to end the day than with a sunset, ice cold beer and tasty local meal.
