Surfhouse x Bing

UNLOCK THE ULTIMATE CALIFORNIA EXPERIENCE

Want to improve your surfing and test some of the best boards on the market?

SURFHOUSE AND BING SURFBOARDS HAVE TEAMED UP TO CREATE THE ULTIMATE SURF PACKAGE OFFERED ALL YEAR ROUND!

Grab your surf buddies and book this private three night all-inclusive package that is designed to help fine tune your surf skills with a local guide while demoing your choice of Bing surfboards. As a part of the surf coaching, you will receive daily photo and video analysis of your session as well as a personal dropbox folder with all of your photos and videos.

Outside of the water, you can expect the full Encinitas local experience that Surfhouse is famous for. You will visit the Bing factory to see how they create some of the most beautiful surfboards in the world and talk to the head shaper about the surfboard design process. One of the experts from the Bing Surf Shop will also walk you through all the different models, and help identify the perfect board for you.

In between surf sessions you will be treated to some of the best restaurants that Encinitas has to offer with three meals per day included. There is no better way to end the day than with a sunset, ice cold beer and tasty local meal.
